

**Preservation Digitization for Photographs
A DLF Workshop**

**Sunday April 24th - Monday April 25th, 2005
National Archives Building, Washington DC**

AGENDA

Sunday April 24th

10.30am-12.30pm

- introductions
- discussion of desired outcomes
- characteristics and properties of originals
- what needs to be maintained for preservation purposes?

12.30pm-2.00pm: lunch

2.00pm-4.30pm

- "big picture" trade-offs between technical quality, longevity, affordability, functionality, sustainability, level of activity/commitment to maintain resources, etc.

6.00pm:

Dinner: Tabard Inn Restaurant -- 1739 N St NW, Washington, 20036. Directions will be provided.

Monday April 25th: 9:00am-3:30pm

9.00am-10.30am

- the "practical" approach -- image quality parameters that can be met today with existing equipment

10.30am-11.00am: coffee break

11.00am-12.30pm

- the "ideal" approach -- preferred technical approaches and image quality parameters that we should work towards being able to do and to match.

12.30pm-2.00pm: lunch

2.00pm-3.30pm

- summing up of the two-day meeting; findings; next steps.
