Dimensions and use of the scholarly information environment.
Question T7: Tables 190-308

Table 190

T7a_1. When you are preparing teaching materials, how do you find information about Print or hardcopy books?
   That is, as you gather references and citations for your teaching, but
   before you actually try to get the specific information?

T7a_2. When you are preparing teaching materials, how do you find information about Print or hardcopy journals?
That is, as you gather references and citations for your teaching, but
before you actually try to get the specific information?

T7a_4. When you are preparing teaching materials, how do you find information about e-journals?
That is, as you gather references and citations for your teaching, but
before you actually try to get the specific information?

Table 218

T7a_5. When you are preparing teaching materials, how do you find information about Magazines?
That is, as you gather references and citations for your teaching, but
before you actually try to get the specific information?

Table 225

T7a_6. When you are preparing teaching materials, how do you find information about Papers delivered at professional meetings?
That is, as you gather references and citations for your teaching, but
before you actually try to get the specific information?

T7a_8. When you are preparing teaching materials, how do you find information about Online abstracts and indexes?
That is, as you gather references and citations for your teaching, but
before you actually try to get the specific information?

T7a_9. When you are preparing teaching materials, how do you find information about Online databases, data sets or data sources?
  That is, as you gather references and citations for your teaching, but
  before you actually try to get the specific information?

T7a_15. When you are preparing teaching materials, how do you find information about Pre-prints?
That is, as you gather references and citations for your teaching, but
before you actually try to get the specific information?

T7a_16. When you are preparing teaching materials, how do you find information about Dissertations?
That is, as you gather references and citations for your teaching, but
before you actually try to get the specific information?
